

Publikačný seminár

P. Kováč:

Thermal conductivities and thermal runaways of superconducting MgB₂ wires stabilized by Al+Al₂O₃ sheath
Superc. Sci. Technol.

L. Kopera:

Small diameter wind and react coil made of anodised Al sheathed MgB₂ wire
Superc. Sci. Technol.

J. Osvald:

Simulation of structure parameters influence on threshold voltage of normally-off p-GaN/AlGaN/GaN transistors
Phys. Status Solidi A

M. Sojková:

Tuning the orientation of few-layer MoS₂ films using one-zone sulfurization
RSC Advances
